SUBJECT: APPROVAL OF EAST JORDAN IRON WORKS 3162 (24" DIA., S-281-3) CAST IRON COVER AND FRAME BD002558

Dear Mr. Veldboom:

Your 3162 (24" dia.) cast iron cover and frame are approved for Citywide Use in the public right of way for vehicular and pedestrian traffic applications (excluding driveway). This approval is valid for two years with an extension up to six years before a new submittal is required

The City assumes no responsibility for any and all safety related issues in regard to the installation and use of this product. It is the responsibility of the installer to understand the appropriate use and limitations of this product and to address any and all safety concerns with the manufacturer. Further, it is the installer's responsibility to conform to all applicable industry and regulatory safety requirements.

Please be advised that you are required to report any changes in material or geometry of this product to the City immediately and to recertify this product before it expires. A permit is required for the installation as this product is subject to site and fabrication inspections per Subsection 2-11 and Section 4 of the Standard Specifications for Public Works Construction (SSPWC) as amended by the Brown Book.

Please contact the Material Control Section of the Bureau of Contract Administration at 213-485-5080 to arrange for fabrication inspection. Please maintain a copy of this approval for your record and distribute a copy to the Contractor for use in the field or for the permit process.

Sincerely,
